Subject: RE: ANA2 curriculum modification

Background: as Paul Williams (AA Coordinator) was preparing for the program's upcoming accreditation, he noticed what seemed to be an error related to the placement hours.

Paul was aware that the hours for the clinical placement had been changed in 2016/17 (confirmed by Terry Dobson), and that is why the program code was changed. It became apparent that the clinical hours had indeed increased in 2016/7, however, a new course number was never requested. On the Teaching Projections Report the hours are attributed, with the students having 40 hours/ week for 15 weeks, which totals 600 hours. So, in fact, there is no increase being introduced. This is just a housekeeping issue. The hours on the Teaching Projection for 2018 match the clinical for the students.

Subject: ANA2 curriculum modification

Good morning Christine,

For the ANA2 curriculum modification, can you clarify something for me? The rationale provided wasn't entirely clear to me (or Gary). It appears that the program is adding 280 hours to the program for the clinical practicum course which was HLTH 6038 (320 hours) and is now HLTH 6047 (600 hours). Is this impacting the cost of the program? When I look back on the funding approval letter, the program was funded for 700 hours.

Thanks so much.
